Mr. McGaughey inquired as to how Ms. Kreger arrived at a 5% cost-of-living adjustment (COLA).

Ms. Kreger stated that it was 3% COLA and 2% merit based raise.

Mr. McGaughey stated that the idea of that goal of the advertising was to reduce or eliminate member entities dues.

Ms. Kreger stated that YCIPTA started with zero money in the bank and that YCIPTA needed a "nest egg" of two (2) months of operating costs to build up cash flow. Ms. Kreger stated that once that was done yes, the intention is to reduce entity dues.

Mr. McGaughey stated that if YCIPTA was serious about the goal then YCIPTA would need to be more conservative.

Ms. Kreger stated that the total increase would be approximately 8,000 annually due to it being a half year increase for seven (7) employees.

Mr. Galaviz stated that he agrees with building a "nest egg". Mr. Galaviz questioned where the additional money from the \$240,000 marketing revenue increase is going and asked if it was

going into operations.

Ms. Kreger confirmed.

Ms. Gallegos inquired if there had been any savings.

Ms. Kreger stated that there had been savings in the fuel.

Ms. Gallegos requested a breakdown of areas where savings have been achieved for the next board meeting and also requested the current year-to-date advertising revenues compared to the budgeted \$203,000.

Mr. Galaviz reiterated the importance of prioritizing no cost increases for member entities, emphasizing that increased advertising revenue should offset costs.

Mr. Simonton stated that the increase in salaries was 60,000 and inquired if there was a new position being added.

Ms. Kreger stated that she would review the data and get back to the Board, there was no new position.

Mr. Durazo stated maintaining the current contribution levels to avoid difficulties in justifying increases to their jurisdictions.

Mr. Golding Sr. stated that Ms. Kreger expressed a desire of having two months' worth of operation costs in the bank, and inquired if the current budget achieved that.

Ms. Kreger stated that it did not but that YCIPTA was getting closer; current budget provides about a month's worth.

Mr. McGaughey stated that a year to date would be more helpful to justify increase.

Ms. Servin echoed same sentiment.

The Chair stated that there is a strong desire to utilize advertising revenue to diminish or eliminate entity dues but does not want to give impression that we cannot ever increase the dues.

The Chair stated that the Board needed to be cognizant of the main priority and balance budget that gets us where we need to be.

*This item was tabled; no action taken.*

**Motion (Galaviz/Servin):** To table the item.

**Voice Vote:** Motion carries, 7-0

**No. 6: Discussion and or action regarding a Corporate Authorization Resolution for 1<sup>st</sup> Bank Yuma. Action required.**

Mr. Golding Sr. inquired as to who are signers.

**Motion (Simonton/Gallegos):** To approve item as presented.

**Voice Vote:** Motion carries, 7-0

**No. 7: Discussion and or action regarding YCIPTA Shelter and Bus Advertising Program. No action required.**

Mr. Manuel stated that the fleet of wrapped buses began running in the first week of April and advertisers are very pleased. Mr. Manuel stated that the available fleet is 100% allocated; some buses retained YCAT branding for community events.

Mr. Manuel stated that Bus shelter inventory outside of Yuma is difficult to move.

Mr. Manuel stated that bus interiors are not generating much interest; has been unable to find an interested party.

Mr. Galavis inquired if there would be a price adjustment to shelters – increase pricing for higher demand and lower pricing for less desirable shelters.

Mr. Manuel stated that had not been considered.

Mr. Galaviz stated he saw the wraps and they were very colorful; did not see YCAT information on the buses.

Mr. Manuel stated that Mr. Galaviz may have seen an incomplete bus but now all have the YCAT information on them.

Mr. Galaviz inquired regarding the contract terms for wraps.

Mr. Manuel stated that they vary; some are two (2) or three (3) year contracts.

Ms. Kreger stated that the wraps are required to be replaced every year to avoid damaging the bus paint.

Mr. Simonton inquired if the advertisers are responsible for those costs.

Ms. Kreger confirmed.

Mr. Manuel stated that the Transit Director has requested coordination to get agreements with the member entities signed.

Ms. Kreger stated that if the agreements are signed, advertising on shelters can be used as in-kind contributions towards grants.

Mr. Golding stated that the brand ambassador had been successful in securing funding and wrapping buses, which was a priority. Mr. Golding expressed concerns regarding the diminished YCAT visibility and brand image.

stated that brand ambassador also requires keeping the front of the mind that our transportation is safe, reliable and  
Wraps diminish YCAT visibility, thoughts on how to maintain brand.

Mr. Manuel stated that there is a marketing plan that was developed with Big Cat Advertising. Mr. Manuel further stated the focus had been on getting the bus wrapping program running, but now attention is shifting to marketing, monitoring, and outreach to maintain the brand.

YCIPTA shall oversee and operate these routes in conjunction with the QUECHAN and Imperial County Transportation Commission (“ICTC”).

Blue Route 5 and Turquoise Route 10, now in their 13<sup>th</sup> and 12<sup>th</sup> years of operation, respectively, were both exempted from farebox recovery ratio requirements and other performance measures for a certain period under the California Transportation Development Act (TDA) when they were first implemented. Blue Route 5's exemption period expired on June 30, 2016, and it will now be partially funded with TDA funding starting July 1, 2017. Similarly, Turquoise Route 10's exemption

period ended on June 30, 2015, and it will also start using TDA funding provided by ICTC from July 1, 2016.

YCIPTA, QUECHAN, and ICTC initially developed this business plan in October 2012 as the Regional Connector Operations and Implementation Business Plan to coincide with the launch of the Turquoise Route 10 on January 7, 2013. On an annual basis, YCIPTA, QUECHAN, and ICTC review the Business Plan, with the following key amendments:

- October 2013 – reduced to 12% the initial goal of an 18% farebox recovery ratio for the Turquoise Route 10.
- September 2014 – included the Blue Route 5's operations, funding, and performance standards.
- July 2015 – redesignated the Business Plan to address Eastern Imperial County Transit Services
- July 2016 – eliminated Saturday service on the Turquoise Route 10 to improve its prospect of meeting the 12% farebox recovery ratio, since the Route's exemption period ended June 30, 2015.
- April 2017 – implemented use of local funds, as authorized by SB 508, effective January 1, 2016, which were contributed by YCIPTA and counted toward the farebox recovery ratio requirement.
- May 2018 – reintroduced a third day, Friday, to the Turquoise Route 10 to allow more accessibility to Eastern Imperial County.
- May 2020 – reflected higher costs because of a new labor contract affecting YCIPTA's transit operations contractor, as well as suspension of fare collections due to COVID-19 pandemic, despite also reducing operating hours to the Saturday service schedule.
- May 2021 – returned to full and regular schedules and anticipated resumption of fare collections during the year.
- May 2024 – reflected increased cost per hour due to rising costs of fuel and vehicle maintenance during the year.

The plan proposes that the routes identified will extend the Imperial Valley Transit system, replacing the former IVT Route 3 on Wednesdays between Holtville and Winterhaven. Operations in FY 2025-2026 are expected to remain consistent with FY 2024-2025 in frequency and hours of service, with a slight increase in operating costs due to the transit operations contractor's contract and collective bargaining agreement. Steady increases in ridership figures from FY 2024-2025 are anticipated to continue, and gas prices are expected to rise. In March 2024, ridership exceeded pre-pandemic levels.

## **Statement of Purpose and Need**

The purpose of operating transit services in Eastern Imperial County is to provide mobility for Winterhaven and Fort Yuma Indian Reservation residents and visitors within Eastern Imperial County and to Yuma, Arizona. The Blue Route 5 services run six days a week, extending to Andrade Port of Entry and providing access to services in Yuma. The Turquoise Route 10 services run three days a week. They are extended to El Centro to access services at the County Seat and other quality-of-life opportunities not available in Winterhaven.

Regional and local travel needs were identified below:

- Access to California State and Imperial County agencies and services in El Centro (DMV, courts, Imperial County Public Health Department, Imperial County Department of Social Services).
- Access to medical care in El Centro (health specialists, El Centro Regional Medical Center, Pioneer Memorial Hospital).
- Access to medical care in San Diego, Phoenix (Phoenix Indian Medical Center), and Tucson.
- Access to destinations within Winterhaven and the Fort Yuma Indian Reservation.
- Access to medical care, social services, and other destinations in Yuma.

Two studies were conducted in 2008 and 2011 to evaluate the need for improved transit service in the area. The studies recommended a local shuttle connecting the Fort Yuma Indian Reservation with Winterhaven and Yuma and a lifeline service connecting the Reservation with El Centro to improve access to the County Seat for the eastern part of Imperial County.

## **Section 2 Roles and Responsibilities**

### **YCIPTA - Operating and Contract Authority and Oversight:**

YCIPTA has appointed RAPT Dev USA, its transit operations contractor, to operate the Blue Route 5 - Quechan Shuttle and Turquoise Route 10 - Interstate 8/El Centro/Yuma. However, YCIPTA reserves the right to replace the contractor if deemed necessary. YCIPTA will oversee the operating contract and provide legal operating authority and umbrella operating insurance through the contractor. YCIPTA will also receive monthly reports on project operations and program results from the contractor, with the Project Liaison being the primary contact between the contractor, QUECHAN, and ICTC.

### **YCIPTA Project Liaison - Planning, Contract Management and Marketing:**

YCIPTA's Transit Director or designee will be the Project Liaison, responsible for daily interactions with the operations contractor to ensure compliance with contract terms and conditions, receipt and review of required reports, and coordination of marketing and promotional programs for the routes. The Liaison will facilitate developing and implementing programs to maximize ridership

and effectiveness, involving employers, YCIPTA, the contractor, and other partners. Additionally, the Liaison will review, and process monthly subsidy statements provided by the contractor.

### **ICTC – Supporting Role:**

ICTC will support these transit routes by providing recommendations to YCIPTA through technical and policy levels, marketing the service in Imperial County, and contributing up to Two Hundred Forty-Two Thousand, Three Hundred Fifty Dollars and Two Cents (\$242,350.02) of Transportation Development Act Local Transportation Fund (“LTF”) Article 8(c) funds for their continuation.

### **QUECHAN – Supporting Role:**

QUECHAN will support the routes' funding by providing recommendations to YCIPTA at technical and policy levels, marketing the route on the Fort Yuma Indian Reservation, and contributing of One Hundred Fifty-Eight Thousand, One Hundred Ninety-One Dollars and Ninety-Two Cents (\$158,191.92) of Federal Transit Administration (FTA) Section 5311(c) funds, and BIA Tribal Transportation Program funds to operate the routes. YCIPTA will use various funds, including FTA Section 5307 and 5311 funds, match funding, fare revenue, and in-kind revenue from the Quechan Andrade Parking Lot, as well as local funds from non-State and non-Federal sources to cover the remaining costs of operating the routes and meet the farebox recovery ratio requirement.

## **Section 3 Overview of Operating Plan**

### **Route Plans**

The Yuma County Area Transit (YCAT) will operate Blue Route 5 and Turquoise Route 10, covering Yuma, Winterhaven, Fort Yuma Indian Reservation, El Centro, and other areas of Imperial County. The routes and bus stop placement are subject to approval by QUECHAN, the City of El Centro, Imperial County, and the Imperial County Transportation Commission (ICTC). Bus stops in Yuma, and Fort Yuma Indian Reservation will be coordinated through existing encroachment permits. Imperial Valley Transit (IVT) will have priority use of bus stops in the El Centro-Calexico Urbanized Area and other areas of Imperial County. Still, their use shall not interfere unreasonably with YCAT's obligations.

Exhibit 1 includes the route map, bus stop list and schedules effective July 1, 2025.

The Blue Route 5 will travel 23.9 miles one way, in a clockwise loop from Downtown Yuma Transit Center, through Fort Yuma Indian Reservation and Winterhaven, California serving 41 bus stops. The Turquoise Route 10 will travel 69.4 miles one way, between Yuma, Arizona, and El Centro, California, serving 27 bus stops.

## Service Hours

The service hours, days and routes are outlined in Section One – Overview of Proposed Routes above.

## Fares – Effective January 9, 2012<sup>1</sup>

The following fares apply to all routes in YCIPTA's transit system, including Blue Route 5 and Turquoise Route 10. However, effective July 1, 2016, a "cash only-no passes" fare policy will apply to Turquoise Route 10.

<sup>1</sup> Fares are subject to change based upon the costs associated with YCIPTA's operation of the route.

## Ridership Forecasts

While the two studies identified in Section One did not provide any ridership forecasts, based on historical data regarding Blue Route 5 and Turquoise Route 10, YCIPTA staff initially projected that approximately fifty (50) passengers may ride Blue Route 5 each operating day and that approximately fifteen (15) passengers may ride Turquoise Route 10 each operating day, or 5.87 and 3.00 passengers per hour, respectively.

The following table shows the average annual riders per hour on the Blue Route 5 over the last thirteen years:

<b>12-13</b>	<b>13-14</b>	<b>14-15</b>	<b>15-16</b>	<b>16-17</b>	<b>17-18</b>	<b>18-19</b>	<b>19-20</b>	<b>20-21</b>	<b>21-22</b>
3.41	4.82	5.41	5.62	5.45	5.92	6.50	6.56	5.30	3.85
<b>22-23</b>	<b>23-24</b>	<b>24-25</b>							
4.57	5.13	5.16							

The figures indicate steady improvement in ridership except for the large drop in 2020-2021 due to the COVID-19 pandemic.

To determine the forecasted ridership for Turquoise Route 10, several factors were taken into consideration, including the number of passengers boarding from Winterhaven on IVT Route 3/300/350, demographic information from reports on the Winterhaven/Quechan Reservation Rural Connector and Quechan Service Strategies, and data from public workshops held by QUECHAN. Based on data provided by ICTC for FY 2011-2012, IVT Routes 3/300/350 carried around 3.75 passenger trips in the morning and 3.50 in the afternoon/evening on Wednesdays.

The following table shows the average annual riders per hour on the Turquoise Route 10 over the last twelve years:

<b>12-13<sup>2</sup></b>	<b>13-14</b>	<b>14-15</b>	<b>15-16</b>	<b>16-17</b>	<b>17-18</b>	<b>18-19</b>	<b>19-20</b>	<b>20-21</b>	<b>21-22</b>
2.99	3.41	6.17	3.69	3.34	2.72	2.10	2.97	2.50	1.90
<b>22-23</b>	<b>23-24</b>	<b>24-25</b>							
2.19	2.77	2.96							

The figures also show steady improvement in ridership, with reductions resulting from the elimination of Saturday service in FY 2016-2017. Ridership grew again after initiating Friday service in FY 2018-2019. The COVID-19 pandemic then caused another drop in riders.

Considering the initial forecasts and actual data described above, and with the goal of recovering ridership lost due to the COVID-19 pandemic, the projected ridership for FY 2025-2026 on Blue Route 5 is 5.80 passengers per hour/59.60 per day, while on Turquoise Route 10 it is 3.23 passengers per hour/18.79 per day.

<sup>2</sup> Amount only reflects the last six months of FY 2012-2013, as service began on January 7, 2013.

### **Fare Revenue Forecasts**

Based on the projected ridership and historical data for each of the two routes and to take a conservative approach, the fare revenue forecast of Fifty-Five Thousand, Two Hundred Seventy-Five Dollars and Fifty Cents (\$55,275.50) for Blue Route 5 and Eighteen Thousand, Five Hundred Thirty-Six Dollars and No Cents (\$18,536.00) for Turquoise Route 10 is projected for FY 2024-2025. It is imperative that a fare structure is established to ensure the maximum farebox recovery in compliance with the TDA. As part of the performance measures, YCIPTA, QUECHAN, and ICTC review the farebox recovery ratio to ensure compliance with TDA requirements. The farebox ratio and route classification requirements are established below:

Route	Proposed Classification	Route	Farebox Recovery Ratio
Blue Route 5	Rural Flex Route		10%
Turquoise Route 10	Special Service		12% (blended rural/urban)

### **Cost and Subsidy Projections**

ICTC will pay QUECHAN an amount not to exceed the annual subsidy amount of Two Hundred Forty-Two Thousand, Three Hundred Fifty Dollars and Two Cents (\$242,350.02) to fund Eastern Imperial County Transit Services after QUECHAN files a TDA Article 8c claim and supporting documentation with ICTC and QUECHAN will pay YCIPTA the monthly costs based on revenue service hours with these ICTC funds along with QUECHAN funds of an amount not to exceed the annual subsidy of One Hundred Fifty-Eight Thousand, One Hundred Ninety-One Dollars and Ninety-Two Cents (\$158,191.92) to operate Eastern Imperial County Transit Services, to be paid based on revenue vehicle service hours as established through a separate Memorandum of Understanding between YCIPTA and QUECHAN.

For cost and subsidy projections, see the chart on the following page.

## **Performance Standards**

Since ICTC would contribute TDA-LTF Article 8(c) funds in support of these routes, the following performance standards apply towards these routes, and YCIPTA will report these figures to ICTC and QUECHAN quarterly. These reports may be reviewed by ICTC's Social Services Transportation Advisory Council.

Newly implemented routes may be exempt from farebox recovery ratio requirements or other performance measures for the current fiscal year and the following two fiscal years under TDA requirements. If the farebox recovery ratio remains below the established standard, efforts must be made to improve the route's performance within three years. Failure to meet the required ratio may reduce TDA funding by the number of required revenues that were not maintained.

Turquoise Route 10 was considered a new route for TDA exemption purposes from January 7, 2013, to June 30, 2015. However, at the end of the exemption period, it only achieved a 6.36% farebox recovery ratio, falling short of the 12% standard. If it failed to meet the standard for FY 2015-2016, it would result in a reduction in TDA funding. Saturday service was eliminated to increase the chances of meeting the 12% farebox ratio performance standard, and a "cash-only, no-passes" fare policy was established for Turquoise Route 10 from July 1, 2016. As of June 30, 2017, Turquoise Route 10 met the 12% farebox recovery ratio performance standard.

Blue Route 5 was considered a new route for TDA funding purposes from July 1, 2014, to June 30, 2016. If it failed to meet the required farebox recovery ratio for FY 2016-2017, it would result in a reduction in TDA funding by the difference between the required and actual farebox revenues based on FY 2017-2018 amounts. As of June 30, 2017, Blue Route 5 met the 10% farebox recovery ratio performance standard.

California Senate Bill 508 (SB 508) was effective on January 1, 2016, and clarified the types of revenues that transit operators can consider in the farebox recovery calculation. If the fare revenues are insufficient to meet the required fare revenues to operating costs ratio, the operator can supplement the fare revenues with "local funds." SB 508 defines local funds as non-federal or non-state grant funds or other revenues generated by, earned by, or distributed to an operator.

Operators can use various local funds, including bus advertising, local county transportation sales taxes, general fund contributions, sales from alternative fuels sold on transit property, and contract revenues from institutions such as local college fare subsidy programs, to cover any shortfall in fare revenue for attaining the required farebox recovery ratio. YCIPTA and QUECHAN began documenting their use of local funds to ensure the attainment of the required farebox recovery ratio for FY 2016-2017 and beyond without including State or Federal funding sources unless authorized. Blue Route 5 and Turquoise Route 10 have met or exceeded their respective farebox recovery ratios at the end of FY 2016-2017 and each year thereafter.

Under the FTA requirements, financial and non-financial data must be collected and reported to the National Transit Database (NTD). YCIPTA is required to report both the miles traveled in the Yuma Urbanized Area (UZA) and El Centro-Calexico UZA.

## **Fiscal Audits and Triennial Performance Audits**

ICTC will make payment of TDA funds to QUECHAN to fund a portion of the Blue Route 5 and Turquoise Route 10. Still, QUECHAN will track its expenses associated with using these funds and list them as a separate line item in the Basic Financial Statements each year, submitting a copy of the report to ICTC before December 31 of the funded year. ICTC will send a triennial performance auditor to audit the service and its performance measures. The initial Triennial Performance Audit (TPA) conducted in September 2017 for FY 2014-2016 made 12 findings, addressed by implementing three recommendations. The first recommendation involved reviewing opportunities for increasing local revenue to boost farebox recovery, and QUECHAN began documenting its use of local funds as required by SB 508. To address the second recommendation, QUECHAN has timely submitted its State Controller Report, and for the third recommendation, it issued monthly flyers to promote the routes and worked with YCIPTA to improve coordination for pass purchasing to increase ridership.

The second TPA for Blue Route 5 and Turquoise Route 10 was completed in May 2020 and examined service provided during FY 2016-2017, FY 2017-2018, and FY 2018-2019. The audit made two findings and recommendations, including continuing to ensure State Controller Reports are submitted promptly and ensuring the State Controller Report is reviewed by someone other than the individual who prepared it to identify any errors in reporting. QUECHAN improved its State Controller Report submission since the late submission for FY 2016-2017, submitting reports on time for FY 2017-2018, FY 2018-2019, and FY 2019-2020, but was a week late for FY 2020-2021. The second recommendation addressed inconsistencies between the operating data reported to the State Controller and that reported on YCAT's monthly performance reports. QUECHAN and YCIPTA worked to compare and review data for accurate reporting.

The third TPA for Blue Route 5 and Turquoise 10 was completed in June 2023. It examined the service provided during the Quechan Tribe's public transit program for FY 2019-2020, FY 2020-2021, and FY 2021-2022. The audit found that the Quechan Tribe complied with the requirements of the Transportation Development Act, noting that the Quechan Tribe generally functions efficiently, effectively, and economically. The audit team presented no findings or recommendations.

## **Section 4 Marketing and Community Outreach Plan**

### **Branding, Marketing and Community Outreach**

YCIPTA will develop marketing collateral and programs with input and assistance from ICTC and QUECHAN, including printed ads, flyers, rack cards, media, and other advertising materials to promote the YCAT routes. The buses will be branded as YCAT routes, and the marketing program will be targeted in Yuma and Imperial Counties. YCIPTA will focus its marketing efforts on Yuma County, while ICTC will focus on Imperial County and QUECHAN on the Fort Yuma Indian Reservation.

The YCAT Rider's Guide will be distributed through YCIPTA's networks in Yuma County, including on YCAT buses, and the routes will be included in all YCAT marketing materials. ICTC will distribute the Imperial Valley Transit Rider's Guide throughout Imperial County, including information on Blue Route 5 and Turquoise Route 10. Signs promoting the routes will be placed on IVT buses. QUECHAN will distribute IVT and YCAT Rider's Guides throughout the Reservation, promote the routes through door-to-door information distribution, and encourage purchasing YCAT bus passes. The marketing program is funded by YCIPTA's administrative budget and is not reflected in the business plan.

## **Section 5**

### **Additional Details of the Operating Plan**

The contractor is responsible for the daily operations of the routes, as described in Section 2, Roles, and Responsibilities, and managed through YCIPTA following the terms of the Operating Contract. The Project Liaison, designated by YCIPTA, is responsible for ensuring that the contractor adheres to all the terms of the Operating Contract. The Project Liaison is also responsible for developing and implementing the Marketing and Outreach Plan with support from YCIPTA, QUECHAN, and ICTC.

#### **1. Transit Service Information**

The schedules and route information will be maintained on the [www.ycat.az.gov](http://www.ycat.az.gov) and [www.ivtransit.com](http://www.ivtransit.com) websites and available via the YCAT telephone information system at 928.783.2235 and the IVT telephone information system at 760.482.2900. Service will be noted as a YCAT service.

#### **2. Dispatch**

A dispatcher will be available throughout the service hours of the program to ensure excellent customer service and contingency plans must be made to reasonably accommodate for service delays due to weather, traffic, and vehicle failure by the transit operations contractor. Dispatchers are required to have a communications system in place with their drivers through two-way radios or cell phones, and bus operators must not use the communications system in such a way as to endanger the lives of passengers or violate any laws. YCIPTA intends to use radios from the Yuma Regional Communication System for Blue Route 5 and the San Diego-Imperial County Regional Communication System for Turquoise Route 10.

#### **3. Spare Ratio**

YCIPTA would be responsible for providing road support to the YCIPTA vehicle in case of maintenance difficulties and ensure that a replacement vehicle is provided within sixty (60) minutes of determining that a YCAT bus is inoperable. They are also responsible for providing ample comfort, such as water, in the vehicle during extreme temperatures (115 degrees or higher) and extended breakdowns.

#### **4. Bus Operators**

Bus Operators are expected to be courteous, friendly, and professional always.

Bus Operators shall be bilingual in English and Spanish to ensure that the distribution of information is available to both languages.

Bus Operator uniforms will be required to be consistent with the branding/marketing of YCIPTA transit services. Uniforms must be kept clean and always ironed for a professional appearance.

Bus Operators are prohibited from smoking in the vehicles. Smoking outside of the vehicles is also prohibited near the door of the vehicle or in the presence of customers. Eating is prohibited in front of customers or while driving.

Bus Operator breaks shall be established with Dispatch according to transit operations contractor policy. Bus Operator breaks should never be allowed to disrupt customer service or routing.

Training shall be given to all Bus Operators so that clear expectations are in place to ensure excellent customer service. Bus Operators will keep the inside of the vehicles neat and tidy, i.e., picking up trash and newspapers left behind.

## **5. Vehicles**

YCIPTA will provide four vehicles up to 40 feet long, carry up to 39 seated passengers, and have up to 4 wheelchair tie-down spaces. The buses will comply with CARB's requirements and are durable for highway travel. YCIPTA has 28 buses, Gillig 34-foot and 40-foot heavy-duty low-floor buses, Arboc 34-foot medium duty low-floor buses, and E350 Starcraft 21-to-26-foot cutaways. The E350 Starcraft buses use gasoline fuel and are exempt from CARB Transit Fleet Rule.

Vehicles used in the program must be kept clean, undergo prompt mechanical and cosmetic repairs, and have a spare vehicle available for use when a primary vehicle is out for maintenance. All YCIPTA vehicles are ADA-compliant and use a low floor ramp for loading/unloading mobility devices.

The recommended vehicle types for the routes are smaller and more maneuverable than larger transit buses, providing more passenger comfort and meeting passenger demand. They are also cost-effective to operate.

All buses used in the program have two bicycle spaces, electronic destination signs, farebox, and security cameras. The exception is the Aerolite buses with manual destination signs and farebox. Pictures of the buses used on these routes are provided below:

35-Foot Arboc Bus

E350 Starcraft Bus

34-Foot Gillig Bus

40-Foot Gillig Bus

Maintenance of the buses will take place at the YCAT bus facility located at 2715 East 14<sup>th</sup> Street, Yuma, Arizona.

## 6. Customer Service

The program's success depends on customer service, marketing, and safety. Any service or mechanical failures will be logged and used to maintain quality control and maintenance standards. On-board customer surveys will be conducted to guide route improvements and adjust marketing plans.

## 7. Schedules

Schedules are defined in Exhibit A and are subject to change. Schedules have been developed to ensure that there are no conflicts between YCAT and IVT buses at all shared bus stops in El Centro.

## 8. Transfer Agreements

At the present time, passengers transferring to IVT would be required to pay a full fare as if they transferred back to YCAT.

## 9. Complementary ADA Paratransit Program

Blue Route 5 is exempt from the ADA paratransit requirement as it is a flex route under the Federal Regulations. Turquoise Route 10 has been designated a commuter route under 49 C.F.R. Part 37 of Federal Regulations, and ADA complementary paratransit requirements do not apply. Passengers needing ADA paratransit service would use YCAT OnCall in Yuma County or IVT Access in Imperial County within a  $\frac{3}{4}$  mile radius of a non-commuter or flex bus route, and timed connections would be established. Free transfers between YCAT OnCall and YCAT fixed route buses are allowed for these passengers.

## 10. The Future

In FY 2015-2016, ICTC provided additional funding to cover a significant portion of the costs for Eastern Imperial County Transit Services, resulting in a more active role in transit planning and operation in that area. Tribal Transit funding has been reduced due to federal transportation bills, including MAP-21, FAST Act, and STRA-21. QUECHAN will only be eligible for formula funding unless they apply for competitive capital expenses, excluding preventative maintenance.

The following table shows the variance in FTA Tribal Transit Formula funding apportioned to QUECHAN since FY 2016.

FY 2016	FY 2017	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022
\$45,166	\$28,638	\$36,405	\$35,304	\$46,729	\$29,741	\$34,411

For FY 2025-2026, QUECHAN requests a minimum of Two Hundred Forty-Two Thousand, Three Hundred Fifty Dollars and Two Cents (\$242,350.02) from ICTC to continue transit services at the present levels, while the percentage shares contributed by YCIPTA, QUECHAN, and ICTC remained the same.

YCIPTA will continue to use FTA Section 5307 funds allocated to the Winterhaven area, FTA Section 5311 funds allocated by ADOT to the small portion of the reservation in Arizona, YCIPTA-generated match, fare revenue collected from the routes, and Quechan Andrade Parking Lot in-kind revenue to cover the remaining costs required to operate the Blue Route 5 and Turquoise Route 10.

With the diminishment of the coronavirus pandemic, ridership is returning to pre-pandemic levels in the Yuma, Fort Yuma Indian Reservation, Winterhaven, and El Centro communities. Public transit remains essential in connecting workers to jobs and residents to shopping, healthcare, and other services. YCIPTA will prioritize the safety of employees and passengers while increasing and improving ridership to meet community needs and build community confidence in YCAT.

YCIPTA partnered with YMPO and IBI Group to develop a Short-Range Transportation Plan (SRTP) in December 2019. The community survey conducted by IBI Group garnered favorable feedback from passengers, particularly for the Blue Route 5 and Turquoise Route 10. The survey recommended improving transportation and service headway to the Andrade Port of Entry, expanding the reach of fixed route services on the Reservation with PMoD feeder, introducing on-demand subsidized shared ride taxi/TNC service on the Reservation, and increasing the Turquoise Route 10 service to five days per week. However, the implementation of these recommendations would require additional funding.

IBI Group recommended a pilot program for QUECHAN and YCIPTA that involves two or more non-dedicated service providers. The program would enable customers to book trips from their smartphones or through reservation services. This would be a cost-effective option and would enhance the customer experience, particularly for locations not quickly served by fixed-route transit or where gaps exist in the transit network.

In April 2024, the Federal Transit Administration (FTA) awarded QUECHAN a competitive grant to hire a consultant to develop an on-demand first-last mile service implementation plan. This planning effort will be completed in FY 2025-2026.

A review of the routes was conducted in the Spring of 2016 to determine the appropriate level of transit service and population in eastern Imperial County, considering transit needs and specific performance measures. Four additional bus stop shelters will be procured and installed on the Fort Yuma Indian Reservation, and two of them have already been installed. The remaining two shelters will be installed in FY 2025-2026.

To continue transit services beyond June 30, 2025, additional contributions from ICTC will be required. If service reductions occur based on available funding, public hearings for route changes will take place in May 2025, with changes taking effect on July 1, 2025. To determine future service levels and contribution shares for FY 2025-2026, YCIPTA will provide daily ridership data to ICTC by May 17, 2025, allowing for analysis and recommendations for FY 2025-2026.

### Discussion and Action Item 3

To: Yuma County Intergovernmental Public Transportation Authority  
Board of Directors  
From: David Garcia, Transit Operations Manager  
Subject: Discussion and or action regarding DRAFT YCIPTA FY 2025-2026  
Operating Budget

---

Requested Action: Staff is recommending the Yuma County Intergovernmental Public Transportation Authority Board of Directors adopt the FY2025-2026 Operating budget.

Background and Summary: Attached to this staff report is a DRAFT FY2025-2026 Operating Budget showing the estimated expenses and the expected revenues to operate YCIPTA and the transit system for FY2025-2026. Estimated revenues are \$6,642,224 and estimated expenses are \$6,642,224, showing a balanced budget.

The Capital budget will be presented later, as it is still under development.

A DRAFT FY2025-2026 Operating Budget was previously presented at April's board meeting, but had a discrepancy in the employee salary amounts. The finance manager's (Marcela Garcia) salary was mistakenly removed from the FY2024-2025 budget numbers, causing the salary expenses to be much lower than the FY2025-2026 expected salary expenses. This was corrected and the attached DRAFT Operating Budget reflects that change.

### Financial Impacts:

Budgeted: Yes

Recommended Motion: Staff is recommending the Yuma County Intergovernmental Public Transportation Authority Board of Directors adopt the FY2025-2026 Operating budget.

Legal Counsel Review: No

YUMA COUNTY INTERGOVERNMENTAL PUBLIC TRANSPORTATION AUTHORITY  
UNITED STATES DEPARTMENT OF TRANSPORTATION  
DBE PROGRAM – 49 C.F.R. PART 26

## **POLICY STATEMENT**

### **Objectives/Policy Statement**

The Yuma County Intergovernmental Public Transportation Authority (YCIPTA) have established a Disadvantaged Business Enterprise (DBE) program in accordance with regulations of the U.S. Department of Transportation (DOT), 49 CFR Part 26. YCIPTA receives federal financial assistance from the Department of Transportation, and as a condition of receiving this assistance, YCIPTA has signed an assurance that it will comply with 49 CFR Part 26.

It is the policy of YCIPTA to ensure that DBEs are defined in part 26, have an equal opportunity to receive and participate in DOT–assisted contracts. It is also our policy:

1. To ensure nondiscrimination in the award and administration of DOT – assisted contracts;
2. To create a level playing field on which DBEs can compete fairly for DOT-assisted contracts;
3. To ensure that the DBE Program is narrowly tailored in accordance with applicable law;
4. To ensure that only firms that fully meet 49 CFR Part 26 eligibility standards are permitted to participate as DBEs;
5. To help remove barriers to the participation of DBEs in DOT assisted contracts;
6. To assist the development of firms that can compete successfully in the market place outside the DBE Program.

For YCIPTA, the Finance Manager has been delegated as the DBE Liaison Officer. In that capacity, the Finance Manager is responsible for implementing all aspects of the DBE program. Implementation of the DBE program is accorded the same priority as compliance with all other legal obligations incurred by YCIPTA in its financial assistance agreements with the Department of Transportation as it relates to the Federal Transit Administration (FTA) Section 5307 program.

YCIPTA has disseminated this policy statement to all of the relative components of our organization. We have distributed this statement to DBE and non-DBE business

communities that perform, or are anticipated to perform work for our organizations on DOT assisted contracts. This distribution is accomplished through:

1. Adoption of the program by YCIPTA.
2. Publication available to all interested parties via YCIPTA's website
3. Inclusion in all relative competitive bid documents.

## **GENERAL REQUIREMENTS**

### **Objectives**

The objectives are found in the policy statement on the first page of this program.

### **Applicability**

YCIPTA are the recipients of federal transit funds authorized by Titles I, III, V, and VI of ISTEA, Pub. L. 102-240 or by Federal transit laws in Title 49, U.S. Code, or Titles I, II, and V of TEA-21, Pub. L. 105-178 or by Federal transit laws in Title 49, U.S. Code, or Titles I, II, and V of SAFETEA-LU, Pub. L. 105-178.

### **Definitions**

YCIPTA will adopt the definitions contained in Section 26.5 for this program.

### **Non-Discrimination Requirements**

YCIPTA never exclude any person from participation in, deny any person the benefits of, or otherwise discriminate against anyone in connection with the award and performance of any contract covered by 49 CFR Part 26 on the basis of race, color, sex, or national origin.

In administering their DBE programs, YCIPTA will not, directly or through contractual or other arrangements, use criteria or methods of administration that have the effect of defeating or substantially impairing accomplishment of the objectives of the DBE program with respect to individuals of a particular race, color, sex, or national origin.

### **Record Keeping Requirements**

Reporting to DOT:

YCIPTA will report DBE participation to DOT as follows:

YCIPTA will report DBE participation as required under 49 C.F.R. Part 26 for each entity. These reports will reflect payments actually made to DBEs on DOT-assisted contracts.

Bidders List:

YCIPTA will create a bidders list, consisting of information about all DBE and non-DBE firms that bid or quote on DOT-assisted contracts. The purpose of this requirement is to allow use of the bidder's list approach to calculating overall goals. The bidder list will

include the name, address, DBE non-DBE status, age, and annual gross receipts of firms.

YCIPTA will collect this information in the following ways: requiring prime bidders to report the names/addresses and other pertinent data, of all firms who provide quotes to them for sub-contracts, providing notices in solicitations and posting them on YCIPTA website.

### **Federal Financial Assistance Agreement**

YCIPTA have signed the following assurances, applicable to all DOT-assisted contracts and their administration:

#### Assurance:

*YCIPTA shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of any DOT assisted contract or in the administration of its DBE Program or the requirements of 49 CFR Part 26. YCIPTA shall take all necessary and reasonable steps under 49 CFR Part 26 to ensure nondiscrimination in the award and administration of DOT assisted contracts.*

*The YCIPTA DBE Programs, as required by 49 CFR part 26 and as approved by DOT, are incorporated by reference in this agreement. Implementation of this program is a legal obligation and failure to carry out its terms shall be treated as a violation of this agreement.*

*Upon notification to YCIPTA of its failure to carry out their approved programs, the Department may impose sanction as provided for under Part 26 and may, in appropriate cases, refer the matter for enforcement under 18 U.S.C. 1001 and/or the Program Fraud Civil Remedies Act of 1986 (31 U.S.C. 3801 et seq.).*

This language will appear in financial assistance agreements with sub-recipients and sub-contracts.

#### Contract Assurance:

YCIPTA will ensure that the following clause is placed in every DOT-assisted contract and sub-contract:

*The contractor, sub-recipient or sub-contractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as YCIPTA deems appropriate.*

## **ADMINISTRATIVE REQUIREMENTS**

### **DBE Program Updates**

Since YCIPTA may receive \$250,000 or more in federal funds per fiscal year, YCIPTA will carry out this program until all funds from DOT financial assistance have been expended. YCIPTA will update their respective DBE Programs as required under 49 C.F.R. Part 26.

### **Policy Statement**

The Policy Statement is shown at the beginning of this document.

### **DBE Liaison Officer (DBELO)**

YCIPTA has designated the following individual as the DBE Liaison Officer:

It is the policy of YCIPTA 's to investigate the full extent of services offered by financial institutions owned and controlled by socially and economically disadvantaged individuals in the community, to make reasonable efforts to use these institutions, and to encourage prime contractors on DOT-assisted contract to make use of these institutions. We have made the following efforts to identify and use such institutions: research the credit unions and commercial banks in the community through on site visits and website reviews.

To date we have identified the following such institutions: None

### **Prompt Payment Mechanisms**

YCIPTA will include the following clause in each DOT-assisted prime contract:

*The prime contractor agrees to pay each subcontractor under this prime contract for satisfactory performance of its contract no later than 30 days from the receipt of each payment the prime contract receives from YCIPTA . The prime contractor agrees further to return retainage payments to each subcontractor within 30 days after the subcontractor's work is satisfactorily completed. Any delay or postponement of payment from the above referenced time frame may occur only for good cause following written approval of YCIPTA . This clause applies to both DBE and non-DBE subcontracts.*

*Any failure to comply with this section by the prime contractor shall be considered as a breach of the contract, subject to the provisions of the agreement. In addition, the prime contractor will not be reimbursed for work performed by subcontractors unless*

*and until the prime contractors ensures that the subcontractors are promptly paid for the work that they have performed.*

## **Directory**

The Arizona Department of Transportation (ADOT) maintains a directory identifying all firms eligible to participate as DBEs in the State of Arizona. The directory lists each firm's name, address, phone number, date of the most recent certification, and the type of work the firm has been certified to perform as a DBE. ADOT regularly maintains the Directory and makes it available online at [http://www.azdot.gov/azdbe/DBE\\_search.aspx](http://www.azdot.gov/azdbe/DBE_search.aspx).

Further information about Arizona's Uniform Certification Program may be found at <http://www.azdot.gov/azdbe/index.asp>.

## **Overconcentration**

YCIPTA has not identified that overconcentration exists in the types of work that DBEs perform.

## **Business Development Programs**

YCIPTA has not established business development programs.

## **Monitoring and Enforcement Mechanisms**

YCIPTA will take the following monitoring and enforcement mechanisms to ensure compliance with 49 CFR Part 26.

YCIPTA will bring to the attention of the Department of Transportation any false, fraudulent, or dishonest conduct in connection with the program, so that DOT can take the steps (e.g., referral to the Department of Justice for criminal prosecution, referral to the DOT Inspector General, action under suspension and debarment or Program Fraud and Civil Penalties rules) provided in 26.109.

YCIPTA will consider similar action under their respective legal authorities, including responsibility determinations in future contracts. Attachment 3 lists the regulation, provisions, and contract remedies available in the event of non-compliance with the DBE regulation by a participant in procurement activities.

YCIPTA will provide a monitoring and enforcement mechanism to verify that work committed to DBEs at contract award is actually performed by the DBEs. This will be accomplished via a reporting mechanism.

YCIPTA will keep a running tally of actual payments to DBE firms for work committed to them at the time of contract award.

### **Small Business Participation**

YCIPTA has incorporated the following non-discriminatory element to its DBE program, in order to facilitate competition on DOT-assisted public projects by small businesses (both DBEs and non-DBE small businesses):

- Vendor searches completed at local level using grass root groups to ensure adequate
- advertisement of opportunity;
- Use of Small Business Center for identification of small business and advertisement
- opportunity;
- Continuous evaluation of contract requirement to minimize and remove unnecessary and unjustified requirements;
- Encouraging bidders on large contracts to identify and create provisions within subcontracts appropriate for small business participation;
- Development of acquisition strategies and structuring procurements to facilitate bids by and awards to small business consortia or joint ventures; and
- Letting prime contract of a size that small businesses can reasonably compete for and
- perform.

### **GOALS, GOOD FAITH EFFORTS, AND COUNTING**

#### **Set-asides or Quotas**

YCIPTA does not use quotas in any way in the administration of this DBE program.

#### **Overall Goals**

In accordance with Section 26.45, YCIPTA's overall goal for the following time period of 2023-2025 is .70%. Of the Federal financial assistance we will expend in DOT-assisted contracts, exclusive of FTA funds to be used for the purchase of transit vehicles, .70% of funds will be targeted to DBE/SBE. \$14,539,261 is the dollar amount of DOT-assisted contracts that YCIPTA expects to award during FFY2023-2025. This means that YCIPTA has set a goal of expending \$101,774.83 with DBEs during this fiscal year/project.

In accordance with Section 26.45(f), YCIPTA will submit their overall goals to DOT on August 1 of each year. Before establishing the overall goal each year, YCIPTA will consult with the local Chambers of Commerce, Arizona Department of Transportation, Yuma Metropolitan Planning Organization and the Greater Yuma Economic Development Council to obtain information concerning the availability of disadvantaged and non-disadvantaged businesses, the effects of discrimination on opportunities for

DBEs, and YCIPTA 's efforts to establish a level playing field for the participation of DBEs.

Following this consultation, YCIPTA will publish a notice of the proposed overall goals, informing the public that the proposed goals and their rational are available for inspection during normal business hours at their offices for 30 days following the date of the notice, and informing the public that comments will be accepted on the goals for 45 days from the date of the notice. The notice will be available on YCIPTA or YMPO's website and a local newspaper of general circulation. YCIPTA will issue their respective notices by June 1 of each year. These notices must include addresses to which comments may be sent and addresses (including offices and websites) where the proposal may be reviewed.

YCIPTA overall goal submission to DOT will include a summary of information and comments received during this public participation process and responses.

YCIPTA will begin using our overall goal on October 1 of each year, unless YCIPTA have received other instructions from DOT. If YCIPTA establish goals on a project basis, YCIPTA will begin using the goal by the time of the first solicitation for a DOT-assisted contract for the project.

### **Methodology used to Calculate Overall Goal**

Pursuant to Section 49 CFR Part 26, YCIPTA present the following information as it relates to the development of YCIPTA methodology for adopting a DBE contracting goal for FFY 2017 for contracts funded through the Federal Transit Administration (FTA).

#### **STEP 1: Determination of Base Figure for the Relative Availability of DBE Firms**

##### **Determination of Relevant Geographical Market Area**

To establish the Base Figure of the relative availability of DBEs in relation to all comparable firms available for the FFY 2017 DOT-assisted contracting program, both Census Bureau data and the ADOT DBE Directory were used (filtered to represent only DBE firms within the relevant geographical market area), as follows:

For the numerator: Arizona Department of Transportation (ADOT) DBE Directory  
For the denominator: Census Bureau's Business Pattern Database (CBBP).

To derive the Base Figure for the relative availability of DBEs, the number of DBEs available in the ADOT DBE Directory (by NAICS Code), is divided by the number of all comparable CBBP firms (by NAICS Code) available. This ratio is multiplied by the projected FFY 2017 expenditures (by NAICS Code proportions). The resulting ratios are then summed. Application of this formula yields the following baseline information:

49 C.F.R. Part 26 requires that YCIPTA set goals consistent with its own contracting circumstances. To calculate availability, the relevant geographical market area must first

be determined to set overall goals based on demonstrable evidence of the relative availability of ready, willing, and able DBEs. The relevant geographical market area is the area in which the substantial majority of the contractors and subcontractors with which YCIPTA does business with are located and the area in which YCIPTA spends the majority of contracting dollars.

Unique factors affecting the development of the DBE Goal for FY 2023-2025 include:

1. Recognition and local knowledge that as a small urban turnkey transit system, the majority of the FTA 5307 funds have been used over the years for direct operating costs in turn key contracts for which limited opportunities exist for DBE participation.
2. Recognition and local knowledge that there is limited DBE participation in the immediate geographic area, According to the ADOT DBE Database, there are only 8 registered DBE firms in all NAICS categories within Yuma County, which presents a significant limitation on YCIPTA opportunities to contract with DBE firms. Consequently, the relevant market area, for the purposes of this analysis, includes all of the State of Arizona to cast the broadest net possible for inclusion of DBE firms in YCIPTA contracting opportunities. The vast majority of DBE firms in the State of Arizona are in Maricopa County, which includes the Phoenix urbanized area, and Pima County, which includes the Tucson urbanized area.
3. The DBE firms certified by the Arizona Unified Certification Program with the most appropriate NAICS classification code (485113 - Bus and motor vehicle transit systems) are generally charter services who are not ready, willing, or able to bid on public fixed route contracts of this size and complexity.
4. There may exist opportunities for the prime contractor (currently National Express Transit) to utilize outside firms to provide necessary materials, supplies, and services under the prime transit operations and maintenance contract. As a prime contractor, the agreement with National Express Transit requires that good faith efforts be made to sub-contract for materials and supplies for vehicle maintenance.

## STEP 2: Adjustment to the Base DBE Relative Availability Figure

Adjustments to the base figure goal may be necessary and justified for a variety of reasons including: lower or higher than expected past participation by DBE firms or additional evidence from disparity studies. Unfortunately, very little data of this sort is currently available to YCIPTA . In past years, FTA funds were spent solely on turnkey operations contracts where there was very limited DBE availability. In addition, no comprehensive disparity study has been or is likely to be conducted in Yuma County.

Consequently, given all of the historic and current data available to YCIPTA and consideration of alternative methodologies for assessing the relative availability of DBE firms, YCIPTA have concluded that there is no reasonable basis upon which to adjust the Step 1 Base Goal of .70 percent.

## **Goal Setting and Accountability**

In accordance with Section 26.47, If the awards and commitments shown on YCIPTA Uniform Report of Awards or Commitments and Payments at the end of any fiscal year are less than the overall applicable to that fiscal year, we will:

1. Analyze in detail the reason for the difference between the overall goal and the actual awards/commitments;
2. Establish specific steps and milestones to correct the problems identified in the analysis

## **Transit Vehicle Manufacturers (TVM) Goals**

YCIPTA will require each transit vehicle manufacturer, as a condition of being authorized to bid or propose on FTA-assisted transit vehicle for YCIPTA procurements, to certify that it has complied with the requirements of this section. Alternatively, YCIPTA may, at its discretion and with FTA approval, establish project-specific goals for DBE participation in the procurement of transit vehicles in lieu of the TVM complying with this element of the program.

YCIPTA is also to report TVM purchase information to FTA within 30 days of making an award. <https://www.surveymonkey.com/r/vehicleawardreportsurvey>

## **Public Participation**

YCIPTA will publish a notice of the proposed overall goals, informing the public that the proposed goal and YCIPTA's rationale are available for inspection during normal business hours at our main office in Yuma for 30 days following the date of the notice, and informing the public that YCIPTA and DOT will accept comments on the goals for 45 days from the date of the notice. The public notice will be published in the local newspaper as well as distributed to available minority-focus media and posted on our website. Normally, we will issue this notice by July 1 of each year. The notice will include addresses to which comments may be sent and addresses (including offices and websites) where the proposal may be reviewed. The goal will be adopted after a public hearing in August.

Our overall goal submission to DOT will include: the proposed goal (including the breakout of estimated race-neutral and race-conscious participation, as appropriate); a copy of the DBE Program Plan; a summary of information and comments received during this public participation process and our responses; and proof of publication of the goal in media outlets listed above.

We will begin using our overall goal on October 1 of the specified year, unless we have

received other instructions from DOT. If we establish a goal on a project basis, we will begin using our goal by the time of the first solicitation for a DOT-assisted contract for the project.

Our goal will remain effective for the duration of the three-year period established and approved by FTA.

### **Breakout of Estimated Race-Neutral & Race-Conscious Participation**

YCIPTA are entities located within the Yuma small urbanized area with the majority of their FTA funding used for transit operating and maintenance purposes. YCIPTA will meet the maximum feasible portion of their overall DBE goals by using race-neutral means as required in Section 26.51(a). Planned outreach efforts by YCIPTA are all race/gender neutral, and it is anticipated that YCIPTA will accomplish their DBE goals solely through race/gender neutral means.

YCIPTA will use the following race neutral means to increase DBE participation:

Arranging solicitations, times for the presentations of bids, quantities, specifications and delivery schedules in a manner that facilitate DBE and other small businesses participation, such as unbundling large contracts to make them more accessible and encouraging prime contractors to sub-contract portions of the work effort.

Minimizing bonding requirements while exercising due diligence with public resources.

Providing technical assistance as requested.

Providing information and printed materials in a bilingual format upon request.

Coordinating with resource agencies such as workforce development, small business alliance, chambers of commerce and economic development centers.

In addition, YCIPTA will provide links on their respective web sites to the online training and information resources available from the ADOT Supportive Services Program. The ADOT Supportive Services office provides numerous opportunities for DBE-certified and DBE-eligible firms to learn about contracting opportunities at the state and local levels, and organizes conferences, networking events, presentations, special programs, training, and workshops. Information on these programs is located at

<http://www.adotdbe.com/programs> or  
[http://azdot.gov/Inside\\_ADOT/CRO/DBEP\\_SS.asp](http://azdot.gov/Inside_ADOT/CRO/DBEP_SS.asp) .

### **Contract Goals**

YCIPTA may use contract goals to meet any portion of the overall goal that YCIPTA do not forecast being able to meet using race-neutral means. Contract goals are established so that, over the period to which the overall goal applies, they will cumulatively result in meeting any portion of the overall goal that is not forecast to be met through the use of race-neutral means.

YCIPTA may establish contract goals on DOT-assisted contracts that have sub-contracting possibilities. YCIPTA need not establish a contract goal on every such contract, and the size of contract goals will be adapted to the circumstances of each contract, such as the type and location of work and availability of DBEs to perform the particular type of work.

When contract goals are established, YCIPTA will express contract goals as a percentage of total amount of federal funding in a DOT-assisted contract.

## **Good Faith Efforts Procedures**

### *Demonstration of Good Faith Efforts (26.53(a) & (c))*

The obligation of the bidder/offeror is to make good faith efforts to recruit DBE sub-contractors or sub-consultants for federally funded proposals. The bidder/offeror can demonstrate that it has done so either by meeting the contract goal or documenting good faith efforts. Examples of good faith efforts are shown in Appendix A to 49 CFR Part 26.

YCIPTA will ensure that all information is complete and accurate and adequately documents the bidder/offer's good faith efforts before authorizing the bidder/offeror to proceed with the scope of work.

YCIPTA treat bidder/offers' compliance with the good faith effort requirements as a matter of responsiveness.

Each solicitation for which a contract goal has been established will require the bidders/offerors to submit the following information:

1. The names and addresses of DBE firms that will participate in the contract;
2. A description of the work that each DBE will perform;
3. The dollar amount of the participation of each DBE firm participating;
4. Written and signed documentation of commitment to use a DBE subcontractor whose participation it submits to meet a contract goal;
5. Written and signed confirmation from the DBE that it is participating in the contract as provided in the prime contractors commitment and
6. If the contract goal is not met, evidence of good faith efforts.

### *Administrative Reconsideration (26.53(d))*

Within 10 days of being informed by YCIPTA that it is not responsive because it has not documented sufficient good faith efforts, a bidder/offeror may request administrative reconsideration.

Bidder/offerors should make this request in writing to the following reconsideration official:

Transit Director  
Yuma County Intergovernmental Public Transportation Authority  
2715 East 14th Street  
Yuma, AZ 85365  
928-539-7076 ext 2101  
www.ycat.az.gov

The reconsideration official will not have played any role in the original determination that the bidder/offeror did not document sufficient good faith efforts.

As part of this reconsideration, the bidder/offeror will have the opportunity to provide written documentation or argument concerning the issue of whether it met the goal or made adequate good faith efforts to do so. The bidder/offeror will have the opportunity to meet in person with our reconsideration official to discuss the issue of whether it met the goal or made adequate good faith efforts to do so. We will send the bidder/offeror a written decision on reconsideration, explaining the basis for finding that the bidder did or did not meet the goal or make adequate good faith efforts to do so. The result of the reconsideration process is not administratively appealable to the Department of Transportation.

*Good Faith Efforts When a DBE is replaced on a Contract (26.53(f))*

YCIPTA will require a contractor to make good faith efforts to replace a DBE that is terminated or has otherwise failed to complete its work on a contract with another certified DBE, to the extent needed to meet the contract goal. We will require the prime contractor to notify the DBE Liaison officer immediately of the DBE's inability or unwillingness to perform and provide reasonable documentation.

In this situation, we will require the prime contractor to obtain our prior approval of the substitute DBE and to provide copies of new or amended subcontracts, or documentation of good faith efforts.

If the contractor fails or refuses to comply in the time specified, YCIPTA will issue an order stopping all or part of payment/work until satisfactory action has been taken. If the contractor still fails to comply, the contracting officer may issue a termination for default proceeding.

*Sample Bid Specification:*

*The requirements of 49 CFR Part 26, Regulations of the U.S. Department of Transportation, apply to this contract. It is the policy of the [Name of YCIPTA ] to*

*practice nondiscrimination based on race, color, sex, or national origin in the award or performance of this contract. All firms qualifying under this solicitation are encouraged to submit bids/proposals. Award of this contract will be conditioned upon satisfying the requirements of this bid specification. These requirements apply to all bidders/offerors, including those who qualify as a DBE. A DBE contract goal of \_\_\_\_ percent has been established for this contract. The bidder/offeror shall make good faith efforts, as defined in Appendix A, 49 CFR Part 26 (Attachment 1), to meet the contract goal for DBE participation in the performance of this contract.*

*The bidder/offeror will be required to submit the following information: (1) the names and addresses of DBE firms that will participate in the contract; (2) a description of the work that each DBE firm will perform; (3) the dollar amount of the participation of each DBE firm participating; (4) Written documentation of the bidder/offeror's commitment to use a DBE subcontractor whose participation it submits to meet the contract goal; (5) Written confirmation from the DBE that it is participating in the contract as provided in the commitment made under (4); and (5) if the contract goal is not met, evidence of good faith efforts.*

## **Counting DBE Participation**

YCIPTA will count DBE participation toward overall and contract goals as provided in 49 CFR 26.55.

## **CERTIFICATION STANDARDS**

### **Certification Process**

YCIPTA will use the certification standards of Subpart D of Part 26 to determine the eligibility of firms to participate as DBEs in DOT-assisted contracts. To be certified as a DBE, a firm must meet all certification eligibility standards. We will make our certification decisions based on the facts as a whole.

For information about the certification process or to apply for certification, firms should contact:

## **CERTIFICATION PROCEDURES**

### **Unified Certification Programs**

YCIPTA has adopted the Arizona Unified Certification Program (AUCP) administered by the Certifying agencies of the AUCP. The AUCP meets all of the requirements of this section. The following is a description of the AUCP, which can be found at [http://www.azdot.gov/azdbe/DBE\\_search.aspx](http://www.azdot.gov/azdbe/DBE_search.aspx):

The DBE program is intended to remedy past and current discrimination against disadvantaged businesses. It ensures a “level playing field” and fosters equal opportunity in all Department of Transportation assisted contracts that include highway, transit and airport programs.

The Arizona UCP has been established to facilitate statewide DBE certification. The UCP eliminates the need for DBE applicant businesses to obtain certification from multiple agencies, and provides reciprocity within Arizona. The Arizona Department of Transportation, City of Phoenix, and the City of Tucson are members of the Arizona UCP. The official UCP DBE database includes DBE firms certified by these three agencies. Bidders who are meeting goals on FAA and FTA contracts being let by other in-state entities can only use the DBEs certified by the Arizona UCP.

### **Procedures for Certification Decisions**

#### *Re-certifications 26.83(a) & (c)*

YCIPTA will review the eligibility of DBEs, to make sure that they will meet the standards of Subpart E of Part 26. YCIPTA will complete this review no later than five years from the most recent certification date of each firm.

For firms that YCIPTA have reviewed and found eligible under 49 C.F.R. Part 26, we will again review their eligibility every five years. These reviews will include the following components: filing out a new application, performing on site visits in YCIPTA local area, and reviewing work history, qualifications and equipment of the firm.

#### *“No Change” Affidavits and Notices of Change (26.83(j))*

To the extent as required by the AUCP, YCIPTA require all DBEs to inform us, in a written affidavit, of any change in its circumstances affecting its ability to meet size, disadvantaged status, ownership or control criteria of 49 CFR Part 26 or of any material changes in the information provided with the AUCP’s application for certification.

YCIPTA also requires all owners of all DBEs to submit, on the anniversary date of their certification, a “no change” affidavit meeting the requirements of 26.83(j). The test of this affidavit is the following:

*I swear (or affirm) that there have been no changes in the circumstances of [name of DBE firm] affecting its ability to meet the size, disadvantaged status, ownership, or control requirements of 49 CFR Part 26. There have been no material changes in the information provided with [name of DBE]'s application for certification, except for any changes about which you have provided written notice to YCIPTA under 26.83(j). [Name of firm] meets Small Business Administration (SBA) criteria for being a small business concern and its average annual gross receipts (as defined by SBA rules) over the firm's previous three fiscal years do not exceed \$16.6 million.*

YCIPTA require DBEs to submit with this affidavit documentation of the firm's size and gross receipts.

YCIPTA will notify all currently certified DBE firms of these obligations. This notification will inform DBEs that to submit the "no change" affidavit, their owners must swear or affirm that they meet all regulatory requirements of Part 26, including personal net worth. Likewise, if a firm's owner knows or should know that he or she, or the firm, fails to meet a Part 26 eligibility requirement (e.g. personal net worth), the obligation to submit a notice of change applies.

### **Denials of Initial Requests for Certification**

If the AUCP denies a firm's application or decertify it, it may not reapply until 12 months have passed from the action.

### **Removal of a DBE's Eligibility**

In the event the AUCP proposes to remove a DBE's certification, YCIPTA will follow procedures consistent with 49 C.F.R., Section 26.87.

### **Interstate Certification**

When ADOT receives a DBE application from a company certified in another state, ADOT may, at its discretion certify that company without further procedures. If an out of state company wants to obtain certification in this manner, the firm must provide to ADOT a copy of its certification notice from the home state. ADOT would be responsible for verifying the validity of the out of state certification.

If ADOT chooses not to accept certification based on the home state evaluation, the applicant firm must provide a complete copy of the application form, all supporting documents and any other information that needs to be submitted. Once ADOT receives all of the necessary information ADOT must request a copy of the home state onsite report within 7 days of receipt of the application.

If ADOT agrees with the home state determination, ADOT must send the applicant firm a notice that it is certified and place the firm on the AZUCP directory of DBE certified

firms within 60 days from the date on which ADOT received all the requested information.

If ADOT has good reason and does not agree with the determination of the home state ADOT must send a notification to the applicant company within 60 days stating the reasons why ADOT is denying certification. This notice must state with particularity the specific reasons why ADOT believes that the firm does not meet the DBE requirements and must offer the applicant firm an opportunity to respond to ADOT with respect to the reasons.

If the applicant firm elects to request an in-person meeting with ADOT's decision maker to discuss ADOT's objections to the firm's eligibility, ADOT must schedule the meeting to take place within 30 days of receiving the firm's request. ADOT must issue a written decision within 30 days of the receipt of the written response from the applicant firm or the meeting with the decision maker, whichever is later. The firm's application for certification is stayed pending the outcome of this process. A decision may be appealed to the Departmental Office of Civil Rights.

When ADOT denies a firm's application, rejects the application of a firm certified in another state, or decertifies a firm, ADOT must make an entry in the Department of Transportation Office of Civil Rights (DOCR's) Ineligibility Determination Online Database. The following information must be submitted:

1. The name of the firm
2. The name of the firm's owner (s)
3. The type and date of this action
4. The reason for the action

ADOT must check the website at least once every month to determine whether any firm that is applying for certification by ADOT, or that ADOT has already certified, is in the database. For any such firm that is in the database, ADOT must promptly request a copy of the listed decision from the UCP that made it. If ADOT receives such a request, ADOT will provide a copy of the decision within 7 days of receiving the request. Notwithstanding any provision of Federal or state law, ADOT must not release any information that may reasonably be construed as confidential business information. This includes application for DBE certification and supporting information. However, ADOT must transmit this information to DOT in any certification appeal proceeding or to any other state to which the individual's firm has applied for certification.

### **Certification Appeals**

Any firm or complainant may appeal the AUCP decision in a certification matter to DOT. Such appeals may be sent to:

U.S. Department of Transportation  
Departmental Office of Civil Rights  
1200 New Jersey Avenue SE.  
Washington, DC 20590-0001

YCIPTA will promptly implement any DOT certification appeal decisions affecting the eligibility of DBEs for DOT-assisted contracting.

Appeals must be sent to the Department of Transportation within 90 days of the date of YCIPTA's final decision.

## **COMPLIANCE AND ENFORCEMENT**

### **Information, Confidentiality, Cooperation**

YCIPTA will safeguard from disclosure to third parties information that may reasonably be regarded as confidential business information, consistent with Federal, state, and local law.

Notwithstanding any contrary provisions of state or local law, YCIPTA will not release personal financial information submitted in response to the personal net worth requirement to a third party (other than DOT) without the written consent of the submitter.

### **Monitoring Payments to DBEs**

YCIPTA will require prime contractors to maintain records and documents of payments to DBEs for three years following the performance of the contract. These records will be made available for inspection upon request by any authorized representative of YCIPTA or DOT. This reporting requirement also extends to any certified DBE sub-contractor.

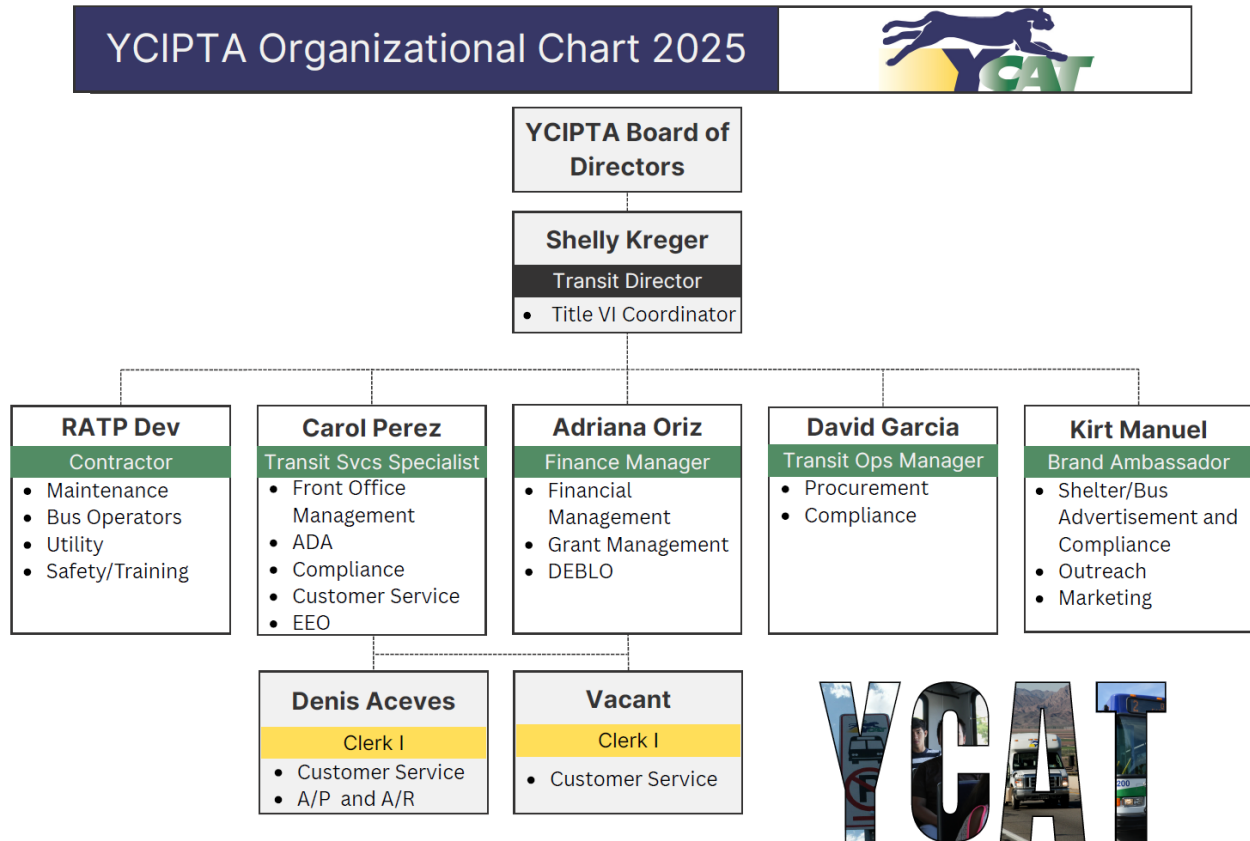

YCIPTA will perform interim audits of contract payments to DBEs. The audit will review payments to DBE sub-contractors to ensure that the actual amount paid to DBE sub-contractors equals or exceeds the dollar amounts states in the schedule of DBE participation.

### Brand Ambassador Report

#### Bus and Shelter Ad Program

- Final work on bus wraps for Todd Craig Nova Home Loans and Citrine Law are in process. Wrapped buses are expected to be on the road by end of May.
- Unsold bus shelter ad inventory remains unchanged since April report. Multiple prospects are considering the opportunity, but no commitments have been made.
- Conversations continue with YCIPTA member entities about their use of the unsold space with no monthly fee using in-kind contribution arrangements. Somerton, San Luis, Wellton, and Cocopah are considering options, but movement has been slow. Quechan Tribe temporarily utilized four spots and is looking at one more.
- All member entities have received and agreed to act upon the unsigned Advertising Lease Agreements between the member and YCIPTA. These agreements, among other things, enable member use of unsold space via in-kind contributions. Mr. McGaughey indicated that the Yuma County is unable to sign the agreement due to certain aspects of county government rules in Arizona.
- We are installing new sign-bearing panels on bus shelters to address issues discovered during the initial rollout wherein some ads would not remain adhered or failed due to wind or dust. All panels are being updated with fresh vinyl to ensure presentation excellence.
- We are attempting to complete the sale of shelter inventory by offering “bonus” interior ads which can be “gifted” to a non-profit organization supported by the advertiser. Example: Company A purchases three shelter side panels for the business and also receives one interior ad which they in turn make available for Nonprofit B to use during the term of the contract.

#### Bus Monitoring

- Bus route monitoring process has been updated to include revised ADA callouts based on feedback from the triennial review.

#### Brand Management

- Our agency, Big Cat Advertising, is assisting in the development and execution of fresh social media messages and public service announcements that will keep the YCAT brand highlighted and top-of-mind for our constituencies. With the bus wraps on our rolling assets, we want to ensure that we sustain the many years of YCAT's strong brand presence in the community.

## Monthly YCIPTA Board Meeting Report RATP Dev

Anabel Teran GM RATP Dev USA

May 12, 2025

This monthly report summarizes operations, maintenance, management, finance, or other actions outside of normal YCAT public transit operations.

- Safety Update: Since the last board meeting, we have had zero (0) at-fault Collisions
- Staffing level update: One Road supervisor returned from medical leave on 5/13/2025. A class of 3 new drivers began on 4/7/2025 (Training takes approximately 5-6 weeks).
- 15 out of 28 drivers received a certificate and a bonus for practicing “Safe Driving Behaviors” in the month of April (13 received it in March).
- Operations update: No routes have been cancelled
- Maintenance Update: Maintenance Manager Max Isbell- Down List Update, Road Call Update.
  - As we transition into the hotter months, we’ve proactively adjusted our HVAC systems across the fleet to account for the rising temperatures by lowering system output capabilities accordingly.
  - For preventive maintenance, our current On-Time Performance (OTP) stands at 20 PMs scheduled, with 17 completed on time, three completed early, and none late.
  - Regarding long-term out-of-service vehicles, we have 300 units awaiting engine replacement and 209 undergoing transmission repairs. The availability of parts remains challenging due to extended shipping times and frequent backorders.
  - We’re also addressing a recurring road failure involving Gillig bus #206. Following an accident, the rear passenger door was not correctly timed, causing the system to detect the doors as open when they are closed mistakenly.
